

Rockwatcher

Brand: Olson Curling

Price: \$59.95

Product Description

The first custom Timing Solution for Curlers.

With the use of "The Rockwatcher" the curler is able to obtain an accurate time while keeping both hands on the brush handle, therefore allowing for a quicker response to the sweeping call when needed.

The custom designed stopwatch and patented Velcro "TimerBand" can be easily located to any position on any brush/broom handle.

The Rockwatcher has a large 10mm holographic digit display set at a display angle for maximum visibility. The Rockwatcher will keep you on top of changing ice conditions, and timing rocks will give you the competitive edge.

Curlers from Novices to World Champions are using the Rockwatcher.
